FAITH HOPE CHARITY

Bayou City Brings Holiday Cheer to Kashmere Garden Elementary School

December is a month that brings in the spirit of giving and excitement in anticipation for the following year. But unfortunately, the holidays could also represent a time of sadness especially for families that are struggling economically.

Under the leadership of Worshipful Master William Johnson, the brothers at Bayou City wanted to provide a little holiday cheer; by donating "57 McDonald gift cards and Four Bikes" to those students who worked hard this school year.

Worship Master William Johnson wanted to make sure we reached out to every student we could doing this charity event at Kashmere Garden Elementary School. The light that was displayed from the faces of the youth doing this charity event is a good example of Brotherly Love and Relief. Bayou City would like to say thank you to Principal Reginald Bush of Kashmere Garden Elementary School and his staff for allowing us to be a blessing to the kids. From the brothers at Bayou City Lodge "We Wish Everyone a Merry Christmas and Happy New Year.
